Hopi Emergency Response Plan (HERP) and the Hopi Hazard Mitigation Plan are Outdated and Required to be Updated

Several major cracks have been observed on First Mesa and Villagers are reminded to be vigilant and extremely careful when on the Mesa.

By: Wilber Kaye, Staff Assistant
First Mesa Consolidated Villages

Hopi Tribal Council Ordinance H-023-2006 resolution established the Hopi Emergency Response Plan (HERP) on March 6, 2006. The plan was developed by the Hopi Emergency Response Team (HERT) as the Hopi Tribe incident management system for preparation and response and to meet requirements of the National Incident Management System (NIMS) for outside agency funding.

There have been no recent updates or revision; both the Resolution and HERP should at least be reviewed and updated to reflect current standards and tribal reorganization.

The Hopi Hazard Mitigation Plan was completed October 2015 in compliance with the Federal Emergency Management Agency (FEMA) Disaster Mitigation Act (2000). The plan outlines identification, evaluation, and recommendations to mitigate man-caused or naturally occurring hazards.

This document does achieve its purpose, but it is required to be updated and must be pre-approved by FEMA before publication every five years. This has not been completed. There is a section in the plan for landslides and rockfalls but does not address the potential collapse and erosion of mesa plateaus. Specifically, areas of resi-

dential and cultural village centers.

These and other plans of the Hopi Tribe are vital to our community's welfare. Unfortunately, they are out of date, have exceeded time limits for review/renewal, and/or are not being adhered to. This adds to confusion, miscommunication, or non-communication during a crisis event. It may also lead to circumventing policy, procedure, or protocol. They were established as being the most effectual, efficient, and ethical means to solutions at the time of their writing. If they are deemed to be inefficient, ineffectual, or unethical, that's what the review and reevaluation process is for.

Sightings of more cracks on First Mesa have been reported. Everyone is reminded to be cautious and alert when attending ceremonies and events on the Mesa.

PUBLIC NOTICE

Revocation of Moratorium on New Construction Activities

On August 13, 2020, a Moratorium on New Construction Activities was issued by First Mesa Consolidated Villages, which precluded the approval of housing projects, electrical services, realty services, road projects, etc. With the beginning of our new year, a decision has been made to revoke the Moratorium on New Construction Activities so that projects may move forward to serve the needs of the people of First Mesa Consolidated Villages. Please refer any questions to Ivan L. Sidney, Village Administrator, at (928) 737-2670.

Effective Date: January 5, 2023

THIS MONTH IN HOPI HISTORY

- AD: Hopi ancestors built houses in dry caves in the Four Corner region.
- AD 1260-1300: Beta-takin and Keet Seel occupied by Hopi Clans.
- 1895: Hopi leaders imprisoned at Alcatraz for 8 months.

Water Payment Information

By: Mary Qotswisiwma
Secretary/Water Clerk

We are happy to report that all water meters have been installed in areas to accommodate the new water system for the Polacca areas. Negotiations for a new water payment fee is currently ongoing and all water payment fees will remain at the rate of \$35, until further notice is given. Business rates will also remain at the same rate, also until further notice.

Delinquent Customers will be receiving a notice in the mail this month, reminding them of their delinquencies and to bring their accounts up to date or potentially have their water disconnected, until payment is received.

A late fee will be in affect starting February 2023, in the amount of \$10 per month. Pease be reminded that payment becomes delinquent if not paid by the 20th of the following month.

For any questions, you may call 928-737-2670 and someone will be happy to assist you.

Update Report on Water Meter Project

By: Ivan Sidney, Administrator
First Mesa Consolidated Villages

Our village received the assistance and support of Tim Bodell, former Hopi Tribal Utilities Manager, by providing CARES Act funds to award a grant to purchase and install water meters on our system. This is a priority needed to provide for a fair payment of water and according to actual usage by customers. This would also provide for a better record of village water use and would promote the conservative use of the precious clean water from the completed Hopi Arsenic Mitigation Project (HAMP). The new meters have been installed and are ready for use.

Anticipating the immediate completion of the HAMP Project and completion of the water use agreement, our staff were provided with training on the use of the meters. This included the need to secure a company to provide the actual billing services and to provide payments on the maintenance and continued training by the meter company. This resulted in additional costs, which water companies include onto the cost of services.

The water agreement provided by the Hopi Utility Corporation remains in discussion and it is not known when this would be resolved for a signed agreement. Anticipating FMCV and HUC reaching an agreement soon, our water program staff is scheduling another training session to update on the use of equipment. What remains still is the cost of water which is critical to the setting of the equipment systems

to compute the cost of water.

If possible, FMCV's plans are to start the use of the meters to display gallons of use by each customer to provide each household its monthly water use computed in gallons. When the actual cost by gallons is determined, the customer can compute the cost and could initiate conserved practices for water use.

FMCV is committed to the instructions of our Leaders and especially our Kikmongwi to work for the most reasonable cost of water. This would be determined by the actual water cost on delivery by the Hopi Utility Corporation. The EPA Clean Water Act, by law, mandates our immediate termination of the use of village wells. This gives us no alternative but to accept the water from HUC wells and what cost HUC will require. Our village has provided water at a very low cost for years and we must now accept the actual cost of water delivery. Water is no cost, it's the cost for delivery of water services. The nearby townships, villages with meters, BIA all currently pay almost three times more than our current monthly cost.

We appreciate some customers preferring to pay a full year for water services but with the unresolved cost of the HAMP project water, we must continue at our current rates. It is possible to pay for several months at a time by calling our office at 928-737-2670. Your cooperation is appreciated.

Proposed Hopi Utility Corporation Water Rate

By: Ivan Sidney, Administrator
First Mesa Consolidated Villages

History of our village water system dates back to 1970 when the Bureau of Indian Affairs/Polacca Day School system was turned over to the First Mesa Consolidated Villages (FMCV). The Traditional Leadership accepted the transfer and immediately thereafter, the community created the Polacca Water Rights Association to operate and manage the system. The association created a board of directors to manage the water operations which included receipt of water payments. Prior to the end of two years operation, the association disbanded in 1972, reorganized and again disbanded in 1973.

At this time, our traditional leaders agreed to operate the water and sewer system to provide for the much needed water services. Also, it must be known that arsenic was already present in the BIA water wells along with all the wells in the Polacca Valley. The Clean Water Act by the U.S. Congress established safe water laws which included the violations of high levels of arsenic. The Polacca Water Wells were not in violation at the time until in the 1980's when Environmental Protection Agency changed the levels of arsenic that placed our water in violation.

In May of 1998, the U.S. Department of Agriculture's Office of Rural Development awarded a grant to First Mesa Consolidated Villages in the amount of \$2,941,400 with a loan of \$765,100 for a water and wastewater project. This provided FMCV with the current commercial water and wastewater system. The loan was paid by the customers with the expert financial management of the grant by FMCV Water Manager, Mr. Alexander Ami. The engineering was provided by the Indian Health Service and the Water and Sanitation construction bid was awarded to the Construction Company of the San Carlos Apache Tribe

Since FMCV was successful in securing the grant, the Leaders allowed the administration to continue its operations and management and to fulfill its grant award requirements. It was in the latter part of 2000 when EPA notified the village of arsenic violations, and the village

could be cited with heavy daily fines. It was at that time that FMCV conceived the plan to bring the water from the Wildcat Range unit which would tap the N-aquifer which was at the time used by Peabody Coal to slurry coal hundreds of miles away to Bullhead City. After the conceptual design was completed, Second Mesa Village became in violation along with the Hopi Tribe who owned the Hopi Cultural Center.

Our village was solely developing a project to bring water with less arsenic for compliance when the Hopi Tribe intervened in our proposal. Being the tribal government, they had the attention of the Federal Agencies such as EPA and IHS. We already had USDA discussing with our village to consider awarding a grant. During this period, EPA and the Hopi Tribe scheduled a meeting with our leaders to join their proposal for a grant. It was at this meeting, EPA stated they would not award a grant unless FMCV joined their Hopi Arsenic Mitigation Project (HAMP).

During this time EPA required a "Compliance Plan" for us to commit to an alternative water source with less arsenic. The so-called Preliminary Engineering Report for the Hopi Arsenic Mitigation Alternatives prepared by the Indian Health Service in August 2014 was only for all villages to buy-in to the HAMP project to be administered by the Hopi Tribe. The Federal Government IHS, Environmental Protection Agency (EPA) and Hopi Tribe have funded approximately 23.2 million HAMP Project design, construction, and post construction costs.

The Hopi Utility Corporation interprets our "Compliance Plan for Arsenic" as our village commitment for a 40-year water agreement and the rates HUC is proposing. FMCV has solely provided water to all agencies located in our village, serving all our Hopi People and for years has subsidized the cost of operations. The three villages receiving village allocations for over 20 years have not assisted with the financial need. In fact, these villages at one time were offered to take over the water

services programs and none accepted.

We finally received a report from the Hopi Utility Corporation of a report indicating the proposed budget in the amount of \$1,321,000 for their water operations. This was the basis for determining the water cost to operate the new water system. The budget is four times our FMCV operations which is 268,000 for 2021. It is now evident that the proposed \$93.00 per household is to support the two programs, FMCV and HUC.

The purpose of the Hopi Utility Corporation by the Hopi Tribal Council was to assume operations of all utilities on the Hopi Reservation. FMCV has been asking HUC if they are ready to take over our village system with no response to date. It now appears the newly completed water system is operational with high salaried operators at the expense of the customers. Our zoom meeting with the HUC Board of Directors did not receive a direct response from them individually but only to direct their manager to collaborate with us. There are two Hopi members of the HUC Board of Directors who were appointed by the Hopi Tribal Council.

Since FMCV Leaders own the system, they will be the approving authority of our acceptance of the water agreement. Our recommendation is not to approve for forty years but possibly a shorter time frame to allow for a gradual financial management period. It is possible we could also consider a \$25 per month cost increase which would allow us to pay the current proposed rate for water. This new water system would provide us healthier water free of elevated levels of arsenic.

What should be of concern for our community is having for years, been in violation of EPA Laws and being allowed under a Compliance Plan to continue using our two water wells. These wells are by law, to be permanently capped off. Our water system, whether operated by HUC or FMCV must immediately operate similar to current utility companies. It must be our goal in Year 2023 to provide our community with clean and affordable water as possible.

Hopi Utility Corporation (HUC) and Consultant Daniel B. Stephens & Associates, Inc (DBS&A) Develop a Year One Operating Budget Documented in the HUC RWS Operations Plan

Minimum Monthly Purchase and Rate per 1,000 gallons

For HUC to operate the RWS system, annual revenues (payments from water purchasers) must be equal to or exceed annual operation and maintenance expenses. HUC and its consultant Daniel B. Stephens & Associates, Inc (DBS&A) developed a year one operating budget documented in the HUC RWS Operations Plan. The Year One budget is as follows.

Table 11. Year One RWS Utility Budget

Line Item Description	Amount
1001 Employee expenses - wages, overtime, & benefits	446,000
1002 Travel and Training	13,000
1003 Vehicle operation, repair and maintenance	16,000
1004 Office Space	24,000
1005 Office equipment and supplies	5,000
1006 Administrative & general expenses	2,400
1007 Tools and materials	20,000
1008 Outside services - laboratory analysis	16,000
1009 Chemicals and analytical supplies	15,000
1010 Facility operations and maintenance	15,000
1011 Rental equipment	10,000
1012 Utilities (electrical and diesel fuel)	51,000
1013 Utilities (propane)	12,000
1014 Water system parts and repairs	20,000
1015 Communications	5,000
1016 Outside services - Information technology	12,000
1017 Outside services - Operations consultants	50,000
1018 Outside services - On call repair contractors	40,000
1019 Insurance expense - Director and Officer (D&O)	12,000
1020 Insurance expense - General liability (GL)	75,000
1021 Insurance expense - Vehicles and equipment	4,000
1022 Insurance expense - Property	20,000
1023 Corporate expense: BOD, audit, accounting, legal	152,000
Subtotal (rounded up to nearest \$1,000)	1,036,000
1024 Operating reserves -	
1025 Emergency reserves -	
1026 Capital reserves -	
1027 Debt reserve -	
Total utility budget	1,036,000
Non-cash depreciation	285,000
Total utility budget with depreciation	1,321,000
HUC's estimated Year One RWS Utility Budget is	\$1,321,000

Deviations from the Tribal Constitution. Renewed Directives Must Now Include Goals and Directives of our Traditional Self-Government which Has Survived Since Time Immemorial

By: Ivan Sidney, Administrator
First Mesa Consolidated Villages

After two years of combating the COVID-19 with limited resources, we are now possibly in the recovery stages. This world-wide epidemic took the lives of many of our people, resulting in devastating impacts in many ways. Our Traditional Self-Government remains to continue with the commitment of our Traditional and Religious Leaders to their Tiponi. Such was the recent completion of our Soyal Ceremony for the renewed blessings of our lives in the new year. This new beginning exemplified by our recent snow and rainstorms to purify our lands. Now we must await the sole directives of our Katsin Mongwi on his preparations for the Powamuyaw Ceremonies.

These renewed directives must now include the goals and directives of our Traditional Self-Government which have survived since time immemorial. This survival included the plan of the Federal Government to assimilate our government into the mainstream of the dominating society. This assimilation today continues from within our tribal government with the Federal Government watching with the creation of the Self-Determination Act. We are in the era of whether our traditional and religious government will survive this current overthrow. This was exemplified by Hopi Tribal Council's recent action to disregard a Religious Leaders recognition of his constitutional authority to certify his village Tribal Council Representatives. Included was the Hopi Tribal Council's recent violation of its constitution to approve village land authority for the Hopi Arsenic Mitigation Project (HAMP) construction.

Also included was recent information received from a tribal department that the Hopi Tribal Council on November 21, 2022, by Resolution H-072-2022, approved the Hopi Tribal Fiscal Year 2023 General Fund Budget by a vote of 10 in favor, 3 opposed and 2 abstaining. The total amount of the operating budget was \$17,490,393.00 (Seventeen Million Four Hundred Ninety Thousand, Three Hundred Ninety-Three Dollars) for the period of January 1, 2023 through December 31, 2023.

The Tribal Council awarded itself \$5,432,129.00 (Five Million, Four Hundred Thirty-Two Thousand, One Hundred Twenty-Nine Dollars) from the Ameri-

can Rescue Plan (ARPA) by Resolution H-040-2022. The Tribal Council authorized the Treasurer to withdraw from Wells Fargo unallocated account, \$8,525,164.00 (Eight Million, Five Hundred Twenty-Five Thousand, One Hundred Sixty-Four Dollars) which is a savings account of the Hopi people. The Hopi Tribe only generated \$3,533,100.00 (Three Million, Five Hundred Thirty-Three Thousand, One Hundred Dollars) to amount to the grand total of \$17,490,393.00.

The fact remains that the Hopi Tribe did not have revenue in the amount of \$13, 957,293.00 (Thirteen Million, Nine Hundred Fifty-Seven Thousand, Two Hundred Ninety-Three Dollars) to make the difference for its total 2023 budget. This has been occurring since the closure of the Peabody Coal Mine which has for years provided 80% of the General Fund budget. For the past several years, how much money has been removed from the people's money without disclosures or consent?

Some tribal officials predict it will only be a matter of a few years before our financial accounts will be depleted. The Administration never prepared a plan for the Council's approval for downsizing our Tribal Government. Our government has become an employment agency without an organized structure of services. Business developers can estimate that even if businesses were developed this year, it will take up to five years before sizeable revenues could be generated. Where is the business development plan and who is to report it to our people? Should our people be concerned for their children and grandchildren's future at the fate of our government at the hands of our leadership?

The Hopi Constitution states the Hopi Tribe is a "union of self-governing villages." In other words, the villages create the tribal government, not the tribal government itself. At least our villages are still provided with village allocations but for how long? Both Sichomovi and Walpi are budgeted for \$280,000 and Tewa with a repayment to the General fund of \$200,00 and \$80,000 for contingency. The Yuwehloo Pahki Community (Samo'Tsumo) is budgeted for \$80,000 only. FMCV continues to not receive village

allocations for the past over twenty years.

The First Mesa Consolidated Villages continues to not have village government recognition from the Tribal Council and Chairman's Office. Only our villages receiving village allocations have the working relationships, which are again in violation of the Hopi Constitution. No governmental process occurs without the approvals of our Leaders and final approval of our Kikmongwi. The First Mesa Consolidated Villages Office is the office established for our Leaders under its self-government and according to the constitution. Our Leaders have cooperated with governmental requirements although the disrespectful practices of the Hopi Tribe continue. This includes the services established on our village lands to provide for the services of all Hopi People.

For years, our village has continued to set aside land for the development of housing, offices and recently a Veterans Home. Included were business developments for a shopping center for which grants were secured but unable to obtain approval of a required resolution from the Hopi Tribal Council. Our village continues to have commercial development support for infrastructures such as water, sewer, electrical power, communications and highway. However, with the financial fate of our tribal government, it is uncertain if any development will be accomplished. We believe all villages must prepare for the coming years of establishing their own revenues.

The staff of FMCV is planning a Goals and Objective workshop to discuss the current political and financial obstacles. Of importance will be its restricting to continue to remain as a Traditional self-government and to discuss how our leaders must respond to the current assimilation efforts of our Tribal Officials. We do know our Leaders will stand for its self-government and will prevail with our support. In fact, they must stand for the true sovereignty of our people and all Native People as instructed by our Creator. Our Traditional Government was first, and it is our Tribal Government under its federally created and approved constitution that is now headed for destruction on its own accord.

CLOSE UP

WASHINGTON DC

Looking for Interested Juniors and Seniors!!

- Experience Washington, D.C.
- Meet other Native American students from other tribes, across the country.
- Discuss issues facing Indian country.
- Engage with delegates and tribal leaders.
- See our government in action.

You are eligible to apply:

- If you are a current junior or senior.
- You are doing well in school, with a 2.0 g. p.a.
- You have a good discipline record (no major discipline issues this school year).

Pick up an application from Mr. James Lomakema, Social Studies Teacher/Department Head.

An application, essay, and interview are a part of the selection process. All costs are paid for, but fundraising is required for spending money on the trip.

For more information, you may also contact: Ms. Yazzie (Navajo Language Teacher), Mr. Watson (Social Studies Teacher), or Mrs. Fredericks (HS Principal).

IN PERSON MEETINGS ARE BACK!

HSAPC has started in person 12-step support meetings four days a week at noon.

- Monday's - In Person Open AA
- Tuesday's - In Person Talking Circle
- Wednesday's - In Person Open 12 Step
- Thursday's - Zoom ID #: 82820229273
Passcode: 185212
- Friday's - In Person Open AA

**Due to covid policy seating will be limited.
**Face Masks for all in person meetings will be required

The Leaders and Staff of the First Mesa Consolidated Villages wishes everyone a safe and happy new year!

Please be mindful that the coronavirus and its variants are still active. Be Safe!

We wish you all a safe, healthy and prosperous New year!!

12 step support group meetings.

HOPI TRIBAL COUNCIL

1st Quarter Session DECEMBER 1, 2022

MONTH OF JANUARY 2023 AGENDA

II. CERTIFICATION OF TRIBAL COUNCIL REPRESENTATIVES

1. Village of Bacavi

X. UNFINISHED BUSINESS

1. Discussion and possible action: Letter dated March 31, 2022 Re: Village of Shungopavi's request for information regarding land lease, including ownership of the property comprising the Hopi Cultural Center. Craig Andrews, Vice Chairman, The Hopi Tribe. Tabled

2. Discussion and possible action: Letter dated September 19, 2022 RE: Survey conducted by Hopi Elections Office from Dale Siquah, Tribal Council Representative, First Mesa Consolidated Villages. Tabled

3. Action Item #090-2022: Intergovernmental Agreement between the State of Arizona and the Hopi Tribe. Author Donovan Gomez, Transit Administrator, Hopi Senom Transit. Tabled

4. Action Item #093-2022: To amend the Rules of Order for the Hopi Tribal Council to provide a streamlined process of the Tribal Council parliamentary procedures that will be followed during meetings of the Tribal Council. Author-Marilyn Fredericks, Tribal Council Representative, Village of Bacavi. Tabled

XI. NEW BUSINESS

1. Action Item #007-2023: To accept grant award from the U.S. Department of Justice in the amount of \$719,669.00. Author Tanya Monroe

2. Action Item #010-2023: Bureau of Land Management Grant Award Titled: Utah Bears Ears Land Management Through the Lens of the Hopi Tribal Government Hopi Elders and Hopi Youth. Author Stewart B. Koyiyumptewa, Program Manager, Hopi Cultural Preservation Office

3. Action Item #013-2023: To approve a Hopi Tribal Housing Authority Residential Lease Agreement for Lucietta Wytewa . Author Michele Honanie, Realty Specialist, Office of Real Estate Services. Dale Siquah, Tribal Council Representative, First Mesa Consolidated Villages **Time Certain, Thursday, January, 2023 at 9:00 a.m.

4. Action Item #014-2023: To approve a Hopi Tribal Housing Authority Residential Lease Agreement for Shelly Talas. Author Michele Honanie, Realty Specialist, Office of Real Estate Services. Dale Siquah, Tribal Council Representative, First Mesa Consolidated Villages **Time Certain, Thursday, January 5, 2023 at 9:00 a.m.

5. Action Item #015-2023: To approve a Hopi Tribal Housing Authority Residential Lease Agreement for Adrienne Talaswaima. Author Michele Honanie, Realty Specialist, Hopi Real Estate Services. Dale Siquah, Tribal Council Representative, First Mesa Consolidated Villages **Time Certain, Thursday, January 5, 2023 at 9:00 a.m.

6. Action Item #16-2023: To approve a Hopi Tribal Housing Authority Residential Lease Agreement for Tracy Billy. Author Michele Honanie, Realty Specialist, Hopi Real Estate Services. Dale Siquah, Tribal Council Representative, First Mesa Consolidated Villages **Time Certain, Thursday, January 5, 2023 at 9:00 a.m.

7. Action Item #017-2023: To approve a Hopi Tribal Housing Authority Residential Lease Agreement for Mary Talayumptewa. Author Michele Honanie, Realty Specialist, Hopi Real Estate Services. Dale Siquah, Tribal Council Representative, First Mesa Consolidated Villages **Time Certain, Thursday, January 5, 2023 at 9:00 a.m.

8. Action Item #018-2023: To approve a Hopi Tribal Housing Authority Residential Lease Agreement for Candace Ami. Author Michele Honanie, Realty Specialist, Hopi Real Estate Services. Dale Siquah, Tribal Council Representative, First Mesa Consolidated Villages **Time Certain, Thursday, January 5, 2023 at 9:00 a.m.

9. Action Item #019-2023: To approve a Hopi Tribal Housing Authority Residential Lease Agreement for Susan Ross. Author Michele Honanie, Realty Specialist, Hopi Real Estate Services. XIII. ADJOURNMENT

Statement from Secretary Cardona on Legal Brief Filed with the Supreme Court on the Student Debt Relief Program

Contact: Press Office, (202) 401-1576, press@ed.gov
January 4, 2023

U.S. Secretary of Education Miguel Cardona issued the following statement after the Departments of Education and Justice filed a legal brief with the Supreme Court on the Biden-Harris Administration’s Student Debt Relief Program:

“The Biden-Harris Administration remains committed to fighting to deliver essential student debt relief to tens of millions of Americans. As part of this commitment, today the Departments of Education and Justice filed a legal brief with the Supreme Court explaining our legal authority under the Higher Education Relief Opportunities for Students Act to carry out our program of one-time, targeted debt relief. We remain confident in our legal authority to adopt this program that will ensure the financial harms caused by the pandemic don’t drive borrowers into delinquency and default. We are unapologetically committed to helping borrowers recover from the pandemic and providing working families with the breathing room they need to prepare for student loan payments to resume. As previously announced, student loan payments and interests will remain paused until the Supreme Court resolves the case because it would be deeply unfair to ask borrowers to pay debt they wouldn’t have to pay, were it not for meritless lawsuits.”

Happy New Year! Looking for a way to stay on top of your health in 2023? Medicare covers many preventive and screening services. These services can help keep you from getting sick and can help find health problems early when treatment is most likely to work best. Talk to your doctor about which ones might be right for you.

If you have Original Medicare (Part A and/or Part B), sign in to your secure Medicare account to see a personalized list of current and upcoming preventive services. If you don't already have an account, it's free — and easy — to sign up.

If you're in a Medicare Advantage Plan, contact your plan for a list of covered preventive services. MA Plans must cover all the same preventive services as Original Medicare, and some may offer additional services.

Good news: Now people with Medicare Part D drug coverage will pay nothing out-of-pocket for even more vaccines, including the shingles vaccine, that are recommended by the Advisory Committee on Immunization Practices.

Here's to your health in the new year! *The Medicare Team*

Photos of cracks on the Mesa—continued from page 1

Road leading up to the Mesa. Sealant around retaining wall eroding with several new cracks in the road.

Coming on to the Mesa near the Tewa Road Kiva

Several areas around the entire Mesa have been identified with small cracks and holes. Please remain alert and cautious when on the Mesa.

Going into Walpi Village near the dip

UPDATED: 2022-2023 Hopi High School Winter Sport Schedules

Both our high school basketball and wrestling schedules have experienced changes recently.

High School Wrestling:

The St. Johns Round Robin on Jan. 4th now begins at 2:00 pm instead of 3:00 pm.

The Monument Valley Round Robin on Jan. 11th now begins at 1:00 pm instead of 3:00 pm.

High School Basketball

Games against Valley Sanders scheduled for Sat. Jan. 7th are now start at 12:00 pm.

Reminder, Only the freshman boys' team plays at Northland Prep on Jan. 10th

Many Farms canceled their freshman boys program, so our freshman boys do not play on Jan. 17th. Freshman girls game on Jan. 17 now starts at 1:30 pm.

The JV and Varsity Girls games at Joseph City have been moved to Wed. Jan. 25th.

We now play the Valley Pirates at Hopi on Sat. Jan. 28th starting at 3:00 pm.

Please see updated schedules. We appreciate all the support of Bruin Athletics! For questions, please call the HJSHS Athletics' Depart. at (928) 738-1431.

UPDATE: Jr. High 3rd Quarter Sports Practice Begins Monday, January 9

Jr. High Students: Due to limited availability within our gym, the HJSHS 3rd quarter sports season won't begin practice until Monday, January 9th. Our 3rd Quarter sports include boys basketball, girls basketball, and the spirit line.

Jr. High students wanting to play any of these sports should sign-up in the Jr. High Office in between classes or at lunch. The final day for any Jr. High student to join a 3rd Quarter sport is Thursday, January 19th. That includes students wanting to be a manager.

Please remember, that any student joining a sport must have a completed

Patients of the Hopi Health Care Center: Monday, January 2, 2023 will be observed as a federal holiday. The Emergency Room and Inpatient Unit will remain open. All other departments will be closed. COVID-19 drive-thru testing will be rescheduled to Tuesday, January 3rd (8:30-9:00 AM) and all non-emergency services will resume regular hours on Tuesday, January 3rd. Please contact the Hopi Tribe for Hopi Tribal Health Program hours/services. DaVita Dialysis will remain fully operational. We appreciate your cooperation and understanding and wish everyone a safe and happy new year!

APPLY FOR AN INDIAN HEALTH SERVICE

SCHOLARSHIP

APPLICATIONS DUE FEB. 28, 2023

The IHS Scholarship Program is currently accepting applications for scholarship support for the 2023-2024 academic year. The IHS strives to develop our next generation of leaders, as well as help make the pursuit of a meaningful career in Indian health attainable for American Indian and Alaska Native students. Eligible students are encouraged to apply by February 28, 2023: <https://www.ihs.gov/scholarship/apply/>

Check out the IHS Scholarship Comparison Chart for a list of eligible degree

U.S. Department of Health and Human Services

How much alcohol is too much?

However much you drink, it's important to know your drinking patterns and how they can affect your health.

Check your patterns at: rethinkingdrinking.niaaa.nih.gov

Concerned that someone you love is drinking too much alcohol, not just around the holidays, but year-round? Use the Rethinking Drinking resource from the National Institutes of Health (NIH) to take a look at drinking patterns, learn how they may affect your health, and when you may need to find help. <https://bit.ly/3iXJjHK>.

Get Vaccinated to Protect

Against Serious Illness

Isolate and take precautions if you have or suspect you have COVID-19

ISOLATION

Stay home and away from others
Wear a high-quality mask if you must be around others

Start counting days

Day 0 is the day your symptoms started

If you never had symptoms, day 0 is the day you took a COVID-19 test

911 Watch for emergency warning signs, like trouble breathing
Seek help if they develop

AFTER ISOLATION

Until at least day 11, avoid being around people who are more likely to get very sick

Wear a high-quality mask when around others indoors

Removing your mask

After ending isolation, wear your mask through day 10

OR

Take 2 antigen tests, 48 hours apart

If both tests are negative, you may remove your mask sooner than day 10
