Newly Installed Tewa Village Interim Board of Directors give Update Report at Sept. 30 Village meeting

By: Louella N Furcap  
Village Crier Editor

At the onset of the novel Coronavirus pandemic, the Federal Government enacted the Coronavirus Aid, Relief and Economic Security Act (CARES Act) PL 116-136, with a two trillion dollar relief package.

The Hopi Tribal Council (HTC) was appropriated and accepted nearly \$89.0 million in its first allocation from the Federal CARES Act funding.

HTC then approved Resolution H-032-2020 creating a Hopi CARES Act Commit-

tee (CAC) to develop a CARES Budget, Budget Justification and Appropriations Language.

The CAC was directed to ensure compliance and accountability of the CARES funds in accordance with Federal requirements and Hopi Tribe Fiscal Policies.

Village proposals for funding was a high priority. Once village proposals were received, the CAC disbursed funding to Villages with instruction on required reports, documentation and

timelines. A Sub-recipient Agreement and financial/expenditure reports were mandatory.

It was reported that all Villages complied with the protocols and reporting requirements, except for the Tewa Village who did not provide a Sub-recipient Agreement and expenditure reports.

With the deadline looming for reporting to the Federal Government, and no cooperation from Tewa Village, CAC Chairman Jamie Navenma

authored Action Item #057-2021 seeking approval from the Tribal Council to recharacterize Tewa's CARES Act award of \$951,650 as an advance from the annual Hopi Tribe general fund village allocations and not from the CARES funds.

After further discussion, the Tribal Council directed the CAC to work with the Tewa Interim Board to bring into compliance.

If recharacterized, the Tewa Village will not be eligible for their annual vil-

lage funding for the next three years, or until the \$951,650 is paid.

Below is a Timeline of events leading to the Removal of former Tewa Board Members and Community Service Administrator and the installation of new Interim Board and CSA, as submitted by the Interim Board Chairperson. (See Page 5, Statement from Tewa Clan Leader opposing Interim Board)

## Timeline of Events Leading to Removal of Tewa Board Members and Community Service Administrator and Installation of Interim Board

Submitted by: Deidra Honyumtewa  
Interim Chairperson, Community of Tewa Village

**Sunday 9/26/21:** Village of Tewa meeting at Tewa Administration office hosted by previous Tewa Community Service Administrator Melissa Alcalá; Consultant Milton Poola and remaining Board of Director members, Dorothy Ami and Ruby Torivio. The Topic was Cares Act Committee and Tewa Village although Tewa Community members were not permitted to ask questions or make comments. Meeting was limited to one hour.

**Tuesday 9/28/21:** A Tewa Community meeting was arranged and hosted by Claude Pahona (Spider Clan) and Samantha Honani (Tobacco Clan) at the First Mesa Youth Center. Over fifty Tewa Village members were present.

An agenda was followed allowing discussion, questions and comments from Village members.

Presentations were made by: Claude Pahona, Tewa Member, Jamie Navenma, Cares Act Committee Chairman and Dorma Sahneyah, Hopi Tribe Executive Director. The presenters provided factual information to the community regarding the Village of Tewa's Non-compliance with the Cares Act financial reporting requirements.

Tewa Community members present at the meeting agreed to take action in response to the current Tewa CSA, Consultant and Board of

Directors' failure to act and comply with the Cares requirements.

The Tewa People chose to vote and passed a Petition to "Remove Tewa Board Members and the Community Service Administrator for Cause and to Designate an Interim Tewa Board of Directors (IBOD) and Community Service Administrator (CSA) to be tasked with bringing the Village of Tewa into compliance with the Cares Act Committee Requirements by the Sept. 30, 2021 deadline set by the Hopi Tribal Council."

In addition, the Petition read "the Undersigned state that the Tewa Village Board, Community Service Administrator and Village Consultant have failed his or her fiduciary and other related duties of their positions and have lost the confidence and trust of the Tewa Village Members to serve in the best interest of the Village of Tewa."

The Petition also "Requests that all current Village of Tewa staff, Village Manager/CSA, Village of Tewa Consultant, Village of Tewa Attorney and Village of Tewa Security comply with this Petition."

An additional requirement stated in the Petition was "that the Village of Tewa preserve all records and property as they stand, undisturbed."

A motion was made by a member of the Tewa

Corn Clan to vote to initiate the Petition and was seconded by a member of the Sand Clan.

Majority votes were in favor of initiating the Petition, 3 persons abstained and zero votes were against. A second motion was made by a Corn Clan member and seconded by a Tobacco Clan member to appoint an Interim Board of Directors for Tewa Village.

Nominations for the Interim Board of Directors was made, persons either accepted or declined the nomination and a vote was taken to approve seven Interim Board of Directors members. 45 voted in favor, zero against and 2 abstained.

**An Executive Session meeting was held** immediately following the Tewa Community meeting, and the newly formed IBOD voted for board officers, as follows:

Chairperson Deidra Honyumtewa, Tobacco Clan Vice Chairman Jayson Paymella, repr. Cloud Clan Secretary Roni Abeita, Kachina Clan Treasurer Chelsea Howato, Corn Clan Member Emma Cortez, Tobacco Clan Member Claude Pahona, Stick/Spider Clan Member Hilton Polacca, Stick Clan/Spider Clan

Meeting minutes of the 9/28/21 meeting was voted on and approved by unanimous vote.

**FMCV Administrator's Report**

By: Ivan Sidney, Sr.  
First Mesa Consolidated Villages Administrator

For almost twenty years, our Traditional Leaders and especially our Kikmongwi have requested to meet with the Walpi, Sichomovi and Tewa Village Boards to discuss the authority of their boards. The Constitution and By-laws of the Hopi Tribe in the meantime remains that First Mesa is a Consolidation and a traditional self-government with Kikmongwi as leader. The current position of our Kikmongwi according to his inherited position, and supported by the Hopi Constitution, following history is as follows:

All members of First Mesa must know that Walpi was the first established village by the creator. As village population multiplied, Sichomovi (flower mound) was established and the Water/Corn Clan was designated to be caretakers and was not declared a separate village with its own Kikmongwi. History tells us that the Hano people (Aswungwa-*Mustard Seed Clan*) were summoned to clear off the marauding enemies, who were attacking the village. For their successes in protecting the village, they were assigned the east end of the mesa to occupy and named it Hano' ki. The Hano People had their own language and again, it was not a separate village. Hano and Sichomovi remained under the Walpi Leader and participated in all traditional ceremonies of the First Mesa Hopi. Included in our First Mesa history is the acceptance of the Hano People into Walpi and naming them *Asngyam, Mustard Seed Clan*.

Around the 1600's, the Tewa descendants came to First Mesa and settled at Sikyatki. Eventually, they were allowed to occupy the vacant former home of the Hano People. It was during the writings of the Hopi Constitution by Author Oliver LaFarge, that Walpi, Sichomovi and Tewa Villages were identified as the First Mesa Consolidated Villages, with Kikmongwi as the leader. In this same document (transcript) it states: "in Arizona, a Tewa is a Hopi." The constitution is clear that First Mesa is a consolidation of the three villages with Walpi Kikmogwi as the Leader. The Oliver LaFarge document/transcript includes Setalla, as the recognized Tewa Leader and agreed to by the Hopi and Tewa Clan Leaders.

The movement of some members of Tewa village in 1987, was to eventually declare themselves as a separate village. The first attempt by some members of First Mesa, Hopi and Tewa, was to create a village constitution to nullify its traditional self-government. The movement called themselves the "People's Rights" group with Eugene Hamilton as their leader. The Kikmongwi and Traditional Leaders had to oppose this to protect their "Tiponi" (religious deity) authority from the Creator. This effort was supported by the Hopi Agency BIA Superintendent and the case went to the Federal District Court in Phoenix. The case was referred back to the Hopi Tribal Court and after several hearings, the Tribal Court ruled in favor of the Kikmongwi and issued a *permanent injunction* on any further attempts for an election for a village constitution.

The first allocation to all the Villages, was the Federal Revenue Sharing funds which was awarded to the Hopi Tribe according to population and dispersed equally by the Tribal Council. In 1989 Vernon Masayesva was campaigning for Chairman and promised allocations to all Villages from the Hopi General Funds. The first allocation to First Mesa was allocated according to the Constitution as one village under the Kikmongwi.

Shortly thereafter, a group of Tewa members lobbied the Tribal Council and received a separate allocation. Subsequently, some members of the Tribal Council filed a Certified Question with the

Hopi Tribal Court to determine if the Constitution was violated. 1) The ruling was that the Tribal Council could give its tribal funds to any organization. 2) The ruling further stated that allocation of separate funds did not declare the villages as separate governments with authority and does not take away the Kikmongwi's authority.

Walpi and Sichomovi followed by requesting separate funding. The Hopi Tribal Council for political reasons, separated the funds and required tribal funds be administered by the village boards. None of the three village administrations has requested the Kikmongwi to approve their Boards.

On Dec. 22, 2020, the Kikmongwi wrote a letter to the three boards stating their acceptance of the CARES Act funding without his authority and their acceptance of federal audit requirements and held each board member personally liable. The Kikmongwi, however, did state that he will be accountable as the Leader of the village according to the Constitution.

The recent occurrence at the Tewa Village Administration is not surprising and was already predicted by our elders as the result of our failing government. Our Kikmongwi will not make a statement on the matter or become involved, without facts. It is unknown if an actual investigation is currently being conducted. It appears that tribal officials may bear some responsibility for the dilemma at Tewa and if there were any criminal violations committed. The Tewa Interim Board appeared before the Tribal Council to request an extension to the CARES Act Committee requirements and to work cooperatively with the committee. The Tribal Council supported their request. The Chairman then asked if they had any further requests. The Interim Board Chair than asked for the recognition of the Board by the Tribal Council.

This request prompted the Representative from Upper Moencopi to state for the record that he was ready to make a motion on the request for recognition, again repeating the constitutional violations as it pertains to the First Mesa self-governing villages. Statements were made citing the constitutional declaration of the self-governing status of the First Mesa Consolidated Villages. The Tewa Administration's objective is to be a separate Hopi Village. The Tribal Council was also reminded that this was a village matter. Supporting the fact that the acceptance of Tewa descendants remains to be a First Mesa historical agreement. This separation remains with the authority of the traditional leadership. They have often discussed the instruction on the request for separation. This is not the role of the Hopi Tribal Council or its elected Chairman or Vice Chairman.

Although this is an unfortune happening, this may be the opportunity for our village to correct the past wrongs with commitment to respect. We know our Hopi leaders will be prepared to consider any request if given the opportunity. The answer to our self-governing issues is not with the Tribal Council and its administration but with our traditional leaders. The tribal government's interference has not allowed our politically motivated differences to be rectified but has resulted in further suffering of our village members. This has created hostility among family and clan relatives and is not healthy for our children's future.

Our office has witnessed, that although our Kikmongwi's authority for years has been disrespectfully violated by the Tribal Council and Chairman, the Kikmongwi has never taken action to take away village allocations knowing that it provides community services to our village members. This itself is commendable to our leaders and especially our Kikmongwi who still declares all people his children.

**Hopi Tribal Council Report**

By: Councilman Albert T. Siquah  
Representing First Mesa Consolidated Villages

EDUCATION

The Tribal Council approved Action Item #062-2021 which was presented by Dr. Darold Joseph, Chairman, of the Hopi School System Transition Team. The objective of this effort was to request that the Tribal Council approve the appointment of a one-time interim Hopi Board of Education.

The background to this action item is; the Transition Team has not been successful to recruit individuals to file application to be come candidates to the Board of Education.

Individuals approved to serve, are as follows:

- Sophia Quotskuyva - Hopi Day School Attendance Area
- LeRoy Shingoitewa- Moencopi Day School Attendance Area
- Merwin Kooyahoema - Second Mesa Day School Area
- Ronya Talayumptewa-Peshlakai - Hopi Jr/Sr H.S. Area
- Robyn Kayquoptewa - At-Large Member

Vacant Positions :

- Keams Canyon Elementary School Attendance Area
- First Mesa Elementary School Attendance Area
- Hotevilla Community School
- At-Large Member

HOPi HOUSING AUTHORITY

Resolution HTHA-020-2021 Approving Hopi Housing Authority Sanitation Equipment Program Policy for Non-Low-Income Families was approved. The program activity provides funding for COVID-19 Prevention, Sanitation Equipment for Non-Low Median Income Families. To assist residents of Hopi Villages to purchase sanitation equipment, wash stations, porta john and portable showers that do not have necessities and are without running water, to help mitigate the spread of COVID-19.

Resolution HTHA-021-2021 to Accept and Approve to Administer the 2021 BIA-HIP ARPA Funds by Hopi Housing Authority was also approved. This action allows the HTHA to apply for, negotiate and contract with the BIA to administer the Home Improvement Program in the amount of \$421,557.

**FMCV Tribal Council Representatives and the Village Administrator are required to make monthly reports and updates to the First mesa Community. However, due to meeting and gathering restrictions, Reports are published in the Village Crier. Below is a recap of reports submitted by your Representatives.**

## FMCV Intent to Apply for Grant Funding to Complete Critical Needs Projects

By: Ivan Sidney, Sr., First Mesa Consolidated Villages Administrator

In the past several years, and at the direction and approval of the Kikmongwi and Religious Leaders, the First Mesa Consolidated Villages applied for various federal grants; however, did not receive a Hopi Tribal Council Resolutions, a requirement of the application process.

As a result, the grant applications were considered incomplete by the funding agency, due to no tribal Resolution. It is the writer's opinion that it is not the staff of FMCV who lost the opportunity for successful grants, but the people for which the grant was submitted.

At a Hopi Tribal Council meeting on Oct. 6, Chairman Nuvangyaoma advocated on behalf of allocating \$500,000 of insurance payments made to the Hopi Tribe to be given to the Hopi Tribal Economic Development Corporation for development of the former YA Hat factory at the Winslow property; yet, our reservation remains without any economic development.

There are currently no business development plans by the Hopi Tribal Administration although faced with a loss of 80% of our annual revenue.

Since the 1980's, First Mesa was supported by the Water/Corn Clan Leaders to allocate over 100 acres for development. This development site was offered to former Chairman Wayne Taylor at the time his administration was purchasing property off the reservation using the federal relocation accommodation agreement funds.

This site still remains and is identified as a prime site along State Highway 264 and has the required infrastructure for immediate development.

Several years ago, this same site was identified for a Community Development Grant within the authority of the Hopi Tribal Housing Authority. This grant was to construct a Community Building, Fire

Station, Child Care Center, Convenience Store, Laundromat, and approximately 30 rental apartments. A group of village members convinced the Hopi Housing Commissioners to disapprove the federal grant application. This proposal and design drawings are still available for viewing at the FMCV office.

The most recent application, two years ago to the Hopi Housing Authority was for housing units for the elderly and victims of COVID-19. The Housing Board of Commissioners approved this grant but the Board Chairwoman did not produce the approved resolution and the grant approval was lost.

The FMCV regrouped recently and have again identified critical need projects in light of the continuing threat of the Pandemic. These projects are: (1) Fiber Optic Lines to increase bandwidth, (2) Improve main Sewer Lagoon, (3) three smaller Sewer Lagoons for Health Care and Walpi Housing, Low Mountain Junction Housing and behind Walpi Village, (4) Airport renovation, (5) Village WIFI signal, (6) Water Program equipment, (7) Laundromat/Grocery/Gas Station, (8) Fast foods, (9) Post Office, (10) Child and Elderly Care Center, (11) Fire and EMS Station, (11) Warehouse, (12) **Housing units**, (13) Mobile RV Park, (14) Cultural Center with food, museum and tour office. These Projects are currently in discussions.

We have retained a consultant to complete the applications for funding. We ask our village members to provide your recommendations on the listed projects, these projects are not listed in priority but will be based on funding availability. The recent Federal Rescue Plans identify Broadband and Water and Sewer as priority. Providing the best broadband connections to our schools, students and community is a must and, therefore, a priority.

## CITIZEN PARTICIPATION REQUEST COMMENTS ON CONSTRUCTION OF HOMES

The proposed Indian Community Development Block Grant (ICDBG) funding is for construction of ten 2-bedroom homes as a place to treat COVID-19 infected people away from their traditional homes with multi-family members and not to spread the infection to other family members.

The First Mesa Consolidated Village (FMCV) strategic plan is in prevention and protection of coronavirus pandemic to construct ten homes to isolated coronavirus infected persons in a self-quarantine home that are not available. The FMCV is seeking \$2 million for the construction to complete infrastructure and construction costs for the community protective housing.

FMCV's goal is to meet the essential needs, critical to the COVID-19 crisis, with provision of basic human protective services by providing homes to infected member in quarantine to move from overcrowded housing.

Older adults and people who have certain underlying medical conditions are at increased risk of severe illness from COVID-19. Orderly development, and stability of the community through the provision of accessibility to health and wellness resources that are central to the viability of the Hopi community. The small homes are the most critical outstanding needs confronting the Hopi community. The Hopi population has a high rate of diabetes, obesity, and other cardiovascular diseases; the tribal members' engagement in health-related preventative measures is critical in attaining community viability due to COVID-19. The homes are need for protective measures, as most villages homes have overcrowding with several generations of families living and no other place to live.

Due to COVID-19, it is not possible to do an in-person citizens meeting. As a result, the information of building ten protective homes in First Mesa for the Hopi community is being provided by newspaper publication via the Village Crier and telephone calls. Comments may be submitted by calling (928) 737-2670 or by US mail at First Mesa Consolidated Villages, PO Box 260, Polacca, AZ 86042. Please provide the following and any other information that is important to you:

- Is there support on the application for funding to help your community
- Provide recommendations that will help the communities in the plan.
- Provide any other comments that is important.

The information will be part of the ICDBG application and included in the approval by Hopi Tribal Council Resolution for submission of application.

## First Mesa Elementary School October 2021 Updates

By: Gloria Lomahaftewa, FMES

Moccasin Day

### Greetings from First Mesa Elementary School!

FMES recognized Sept. 20–24 as Indian week. Each day was a special day of cultural learning for the students. Monday was clan day with students wearing clothing showing their clan. Tuesday – moccasin day. Wednesday – jewelry day. Thursday – belt day. Friday – Indian Day to dress up in traditional or contemporary Indian clothes.

Indian day began with songs by the school men employees to welcome the day and students. It was a beautiful morning outdoors to hear encouraging songs and the birds. Afterwards was an entertaining and multi-cultural learning program that ended with a traditional Hopi meal. All the students went home with a happy stomach.

FMES hired three (3) Student Health Aide Screener/Bus Monitors who are Aleesha Begay, Kateri Lalo, and Lorisae Saufkie. Each Health Aide Monitor is assigned to a bus to assist each Bus Driver by conducting a health check of each student before boarding the bus. The Monitor will do a temperature check and update each student's health condition. A student with a fever is not allowed to board the bus. Health checks are conducted of all students and employees to ensure the safety of everyone.

The school was able to obtain BIA fund-

ing to upgrade its heating and cooling units. A contractor, Gilbert & Sons, was hired to install large cooling and heating units on the building's west wing in September. The upper grade classes moved to another part of the school to avoid disruption during the installation. Later this year additional heating and cooling units will be installed in the administration section of the school building.

October 13 and 14 will be Parent-Teacher conference days. Parents and guardians, please look out for a scheduled time to meet with your child's teacher. Teachers will share student's accomplishments since the beginning of the school year. They will also inform the parent if a student needs extra help at home with a certain school subject.

Wednesday, October 20, will be In-Service day for the teaching staff at the school. It will be a half day for students who will go home after lunch. The teachers will then enter the training session to enhance their teaching skills.

A few positions remain open to be filled. Special Education Teacher, School Counselor, Hopi Lavayi/Culture Teacher, Teacher Assistants, and Custodian/ Grounds Keeper. If you are interested please call the school at (928) 737-2581.

We encourage respecting each other's safety. If you have any questions you are welcome to call the school. **GO INDIANS!**

Clan Day

## October is Bullying Prevention Month

### Ready to Help Prevent Bullying? Here are Ways You Can STOMP Out Bullying!

Bullying is something many of us face, and it can be difficult to know what to do. You must always remember that bullying is NOT your fault. This Bullying Prevention Tip Sheet outlines steps you can take to help prevent bullying in your school or community.

**Bullying Prevention Tip #1:** Report It. Don't be afraid to tell an adult. Telling isn't tattling! You are helping someone.

Prevention is best addressed by communicating and teaching the expected prosocial behaviors:

- Clearly communicate policy and protocols for bullying behaviors to all staff, students and parents
- Empower bystanders to promote and take responsibility for creating a safe and welcoming environment.

Who should you tell?

You could tell your parents, teacher, school counselor, school nurse, coach or any adult you trust.

Be sure to tell exactly what happened ... who was bullied, who the bully was, where and when it happened.

Even if you only suspect a kid is being bullied, it's a good idea to report that, too.

Most adults really do care about bullying and will be glad that you told them about it so they can prevent it from occurring in the future.

If you tell an adult and you don't think they are doing anything about the bullying or if the situation isn't improving, tell another adult. Keep telling adults until someone does something to help.

### Bullying Prevention Tip #2:

Be a Friend to Someone Who Is Being Bullied

When someone is down they need a friend. Be there for the person who is being bullied. Be a buddy on school grounds, get together after school, include them in activities, walk home with them, or sit with them on the bus.

Being an understanding and supportive friend means so much. Show a kid who is being bullied that you care about them.

### Bullying Prevention Tip #3: Stand Up to The Bully.

If you feel safe and comfortable, tell the bully that what they are doing is mean and wrong. It's not cool and they should stop. Keep it simple.

For example, if someone verbally or emotionally bullies you, look them in the eye and say STOP IT NOW." And then walk away. Even if they are bullying you as you walk away – keep walking.

Do not bully them back. If you are not comfortable standing up, tell an adult.

### Bullying Prevention Tip #4:

If You are Left Out of A Group and Being Bullied

Very often someone you thought was your friend, has joined the bully's side. While this does hurt you, ask yourself ... how much of a friend could they have really been if they're doing this to you? Find other friends, join groups and clubs at school. The best revenge is to be happy!

### REMEMBER:

- It's NOT your fault. No one deserves to be bullied!

- Don't fight back or bully a person back. It won't make things any better and it will probably get you into trouble. The ONLY time to fight back is if someone is physically hurting you. At the same time others who see this should seek help from a trusted adult.

- Never keep the pain of being bullied to yourself. Tell someone. Tell a friend. Tell a trusted adult. Report it! Telling is Not tattling.

- Don't skip school or avoid friends, sports or clubs because you're afraid of the bully. You have a right to be there just as much as the bully does.

- No matter how bad you feel, hurting yourself or thinking about suicide is NOT the answer. Nothing is that bad. Talk with an adult and get help.

Does your school have a peer mentoring group? If so, talk to them. Ask for help. Kids who are not bullying victims can help too.

Ask your principal if you can start a peer mentoring group. You and your group can focus on bullying prevention and start a bully-free community in school.

Before you know it the only lonely ones will be the bullies who will surely want to change their behavior when they're left out.

Students wear moccasins to school on Moccasin Day

Timeline of Events— Continued from Page 1

At approximately 9:30 p.m. reports were received from concerned Tewa members reporting visual sightings of numerous vehicles leaving the Village of Tewa Community Building loaded with property. The Hopi Law Enforcement Services (HLES) was immediately contacted and requested to respond. HLES responded to the site and gathered evidence, interviewed people present, collected Victim/Witness statements and secured the Village of Tewa building. An ongoing investigation is being handled by HLES and a BIA Investigator. No further details will be provided to maintain the integrity of the investigation.

**Wednesday 9/29/21:** The first step taken in complying with the Cares Act reporting requirements, the IBOD agreed to and signed the Hopi Tribe's Sub-Recipient Agreement. The document was then sent to the Cares Act Committee. In addition, the IBOD sent a letter to the Hopi Tribal Council to inform them of the Village of Tewa's actions taken and requested an initial extension of the deadline to comply with the Cares Act reporting requirements. Also to reassure the Council, the IBOD is "making a good faith effort to work in collaboration with the Hopi Tribe and the CARES Committee on behalf of our Tewa Village membership to avoid negative impacts to the Village of Tewa's opportunity" for future emergency funds. The IBOD also requested a time certain to appear before Tribal Council to present the Village of Tewa Petition, introduce the Tewa Interim Board of Directors, request an extension to comply with

Cares Act requirements and other actions as the Council sees fit. The letter was endorsed by Hopi Tribal Council Member, Wallace Youvella, Jr., representing the First Mesa Consolidated Villages.

**Thursday 9/30/21:** Tewa Community volunteers were welcomed to the Village of Tewa building to help sanitize, clean and set up for the Tewa Community Update Meeting.

**Thursday 9/30/21:** The Village of Tewa Community meeting was held at Tewa Community Building hosted by the newly formed IBOD.

**Monday 10/4/21:** The IBOD appeared before Hopi Tribal Council to present and address issues referred to in the Letter dated 9/29/21. A motion for HTC to direct the Hopi Cares Act Committee to work in collaboration with the Village of Tewa IBOD to come into compliance with the Cares Act funding requirements was made, seconded and passed with a vote of 15 in favor, 0 against, 4 abstaining and 1 presiding, not voting.

**Tuesday 10/5/21:** The IBOD sent a letter to the Hopi Tribe's Cares Act Committee requesting technical assistance to meet the compliance requirements. The Letter was accepted and recorded by the CAC Secretary.

**10/6/21:** Village of Tewa IBOD attended the Hopi Tribe Cares Act Committee (CAC) meeting to identify steps to reach compliance. A small working group within the CAC was formed and a meeting set to develop a strategic plan to address the issue of compliance."

Statement by Tewa Sand Clan Leader  
Opposing Tewa Interim Board of Directors

Emil Honie, Sr. TEWA SAND CLAN LEADER  
General Delivery  
Polacca, Arizona 86042  
October 3, 2021

Hopi Tribal Council  
CC: All Villages, Hopi HLES, Hopi Departments, Post Office, KUYI, Tutuveni  
General Delivery  
Kykotsmovi, Arizona 86039

To the Hopi Tribal Council and those listed above;

I am Emil Honie, SR., the SAND CLAN LEADER of the Tewa Village. I have sole authority to speak for my People and have the sole authority in the matters of land and ceremonial events to take place for the Sand Clan members.

It is I who donated 55 acres to the Village of Tewa Administration for the use of and for the People, but to be run in a safe and orderly way by the CSA and workers.

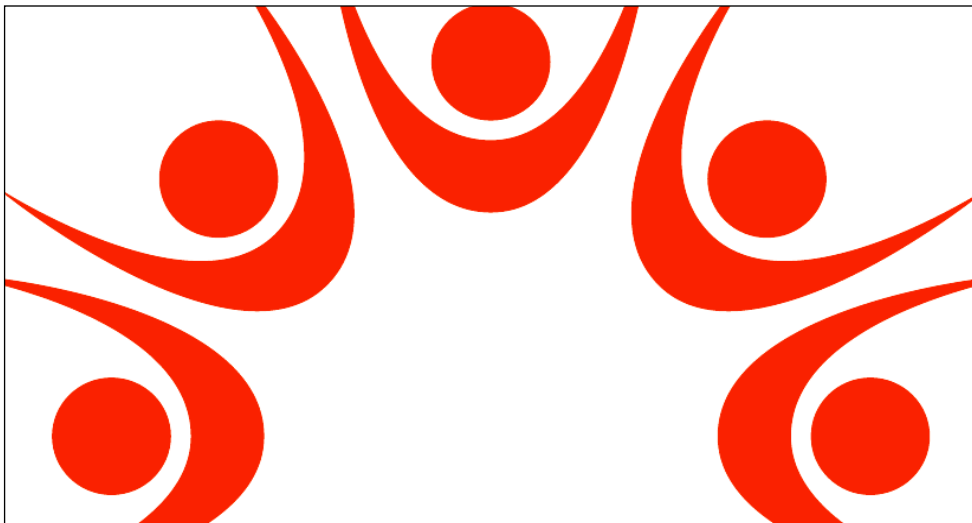

I give my whole support to the elected Board of Directors that are seated by the People and not to the few who don't speak for All of the People.

They have rules and ways to go about getting people out of there who aren't doing what we, the Clan Leaders, through the Board of Directors and to the CD workers, tell them to do for our People. That was not done properly and I do not recognize the illegal board that put themselves in there without the more than half of the Tewa People to say their part.

The Clan Leaders from the Stick/Spider and Kachina/Parrot Clans, don't recognize them in any way too and its mostly their own people who are doing this bad thing to all the Tewa People.

Due to them hurting the Tewa people, I am ordering the entire 55 acres and the Tewa CD to be shut down immediately until I say when it opens back up. I am doing this to be Fair to the workers and the CSA who is getting blamed for these things but we told her to take the work they put into helping the Tewa people so nobody will tamper with the work. They know what they are doing and we will let them do their audit work and then they can quit working for the Tewa people after that if they want to because of all the bad things that a few Tewas are doing for themselves. We don't want them to get hurt because the police won't help them when they get death things sent to them. This is the my words for what is happening and the Tewa CD is shut down after my signature is penned.

Signed this date October 3, 2021  
Emil Honie, SR - *Emil Honie sr*

# Hopi Department of Health and Human Services COVID-19 Report

By: Royce M Jenkins, Director/Public Health Authority

Oct. 7, 2021- This data is updated on the Hopi Tribe’s website “COVID-19 Response and Resources” page.

Hopi Health Care Center Community Vaccination Information:  
 COVID-19 vaccines are available daily for those 12 years old and older. Call (928) 737-6049/6081/6148. Appointments preferred, but not required.

COVID-19 Drive Up Testing will not be open Monday, Oct. 11 in observance of the Federal Holiday. The emergency department will continue to test and evaluate patients for COVID as needed.

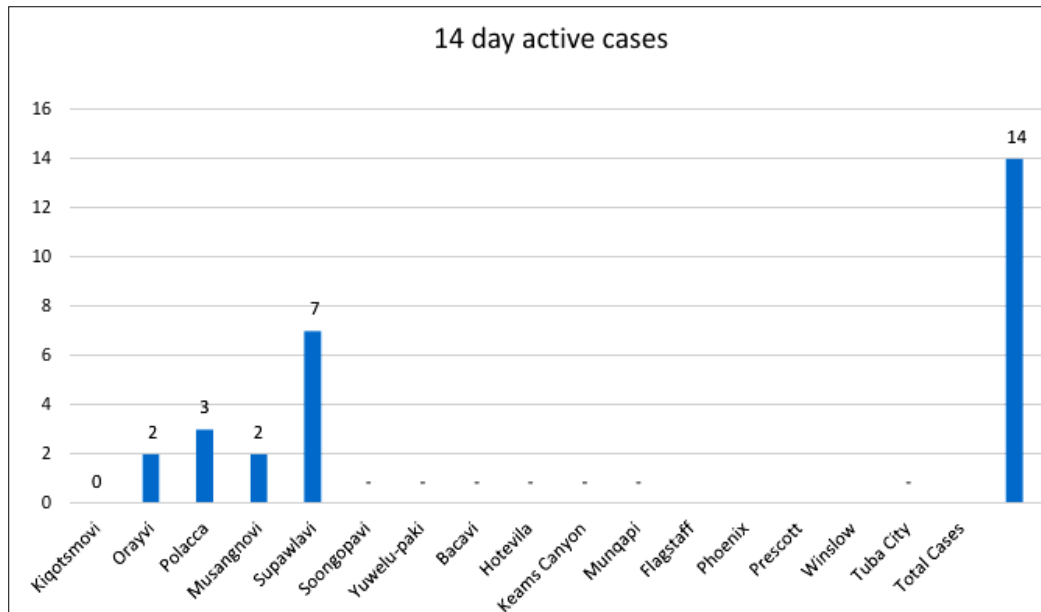

Normal services will resume Tuesday, Oct. 12, Monday–Friday from 8 am to 9:30 am. Enter at the west entrance & drive around back. Wear a mask & stay in your vehicle. For more information about other testing options please call (928) 737-6233.

Moenkopi residents: Tuba City Regional

Health Care will have a Pfizer vaccine community drive-up vaccine clinic now available for individual’s 12-years and older. Call 1-866-976-5941 to schedule your appointment.

The Hopi Health Care Centers most recent data report indicates over 11,261 patients tested as of October 6, 2021. Over 1,512 of those tests at Hopi Health Care Center came back positive with 1101 from Hopi Tribal members. Tuba City Regional Health Care Corporation reported 302 positives for Hopi Villages with a combined number of 1,416\*\*\* positive Hopi Tribal members.

As of October 7, 2021 the United States now has approximately 43,773 million confirmed positive cases with over 702,630 deaths reported and over 1,106 million confirmed positive cases now exist in Arizona. Of those, close to 19,941 are in Navajo and 21,694 in Coconino Counties.

This graph demonstrates the active cases and is stratified by village. Currently there are 19 active cases that are defined as persons that have had a positive test result or symptom onset in the last 14 days.

In this graph, the Total cases bar is all villages combined and should be excluded from the remainder of the graph. This graph is useful in isolating where the virus is most active at the current moment.

**Hopi COVID-19 Reported Cases by Hopi Health Care Center Cases\* As of October 7, 2021**

Number Tested Today	Cumulative Number Positive	Cumulative Number Negative	Total Number in Process	Total Tested
9	1,508	9,658	4	11,244

Number of Cases per Village	Reported by HHCC	Reported by Tuba City Regional Healthcare Corporation	Total
Kiqotsmovi	122	30	153***
Orayvi	30	1	31
Polacca (Walpi-Sitsom'ovi-Tewa)	306	9	317***
Musangnuvi	98	2	101***
Supawlavi	67	1	68***
Songopavi	227	1	228+
Yuwelu-paki	12		12
Paaqavi	57	6	66***
Hotvela	130	50	180
Keams Canyon	45	10	57***
Flagstaff		2	2
Munqapi	1	189*	190*
Phoenix	1		2***
Winslow	4		5***
Prescott	1		1
Tuba City	0	1	1
<b>TOTAL</b>	<b>1101</b>	<b>302</b>	<b>1,416***</b>

\*Note: These data include newly added testing results from the Abbott ID NOW machine since April 20, 2020  
 \*\* A total of 1,413+ individuals who tested positive are members of the Hopi Tribe.  
 \*\*\* Data includes all state-wide data from other facilities such as Flagstaff, Winslow, Phoenix or other hospitals.  
 + Includes Village member (s) retested positive.

## Get vaccinated to protect against serious illness

You should get a COVID-19 vaccine regardless of whether you already had COVID-19. That’s because experts do not yet know how long you are protected from getting sick again after recovering from COVID-19. Studies have shown that vaccination provides a strong boost in protection in people who have recovered from COVID-19. Learn more about why getting vaccinated is a safer way

to build protection than getting infected.

If you were treated for COVID-19 with monoclonal antibodies or convalescent plasma, you should wait 90 days before getting a COVID-19 vaccine. Talk to your healthcare professional if you are unsure what treatments you received or if you have more questions about getting a COVID-19 vaccine.

## Vaccination Data as of September 15, 2021

Village	Population Estimate	Number Vaccinated*	Percent of population vaccinated	Vaccine Ranking Highest=1
Bacavi	337	208	61.72%	7
Hotevilla	871	549	63.03%	5
Kykotsmovi	709	567	79.97%	2
Mushongovi	679	306	45.06%	9
Moenkopi	1,146	751	65.53%	4
Orayvi	103	106	102.91%	1
Shungopavi	1,013	700	69.10%	3
Sipalwavi	371	205	55.25%	8
Polacca	1,908	1,191	62.42%	6
<b>Total*</b>	<b>7137**</b>	<b>4,583</b>	<b>64.21%</b>	

This Table looks at both cases per capita for the Tribe and persons that have received at a least one dose of the vaccine since the beginning of the pandemic. The village populations were calculated from the enrolment data from the tribe and is simply a rough estimate.

\*Excludes the vaccines from Keams Canyon, Spider Mound, and those calculated as Second Mesa. The three groups combine for another 430 Hopi Tribal members who have received at least the first dose of the vaccine.

Total reservation percent vaccinated ~70.07% Eligible population vaccinated \*\* ~77.87%  
 \*\*Eligible population is 6437, population older than 12

## RECENT CASES

VILLAGE	MOST RECENT CASE
1. Supawlavi	October 6
2. Mishongnovi	October 5
